Dear Mr. Peeples:

By way of explanation, our mutual cousin, Mrs. George Christian Logan, of Charleston, has told me of your interest in the maintenance of family records, an interest which we share in common.

From the enclosed diagram, it would appear that we are sixth cousins through descent from Richard Baker and Mary Bohun. (Incidentally, may I take this opportunity of thanking you for your line of descent, which was passed on to me by Daisy.)

Inasmuch as that I have been fortunate in acquiring certain ancestral lines, through the courtesy of a very close one-half eighth cousin, who lives in Godalming, Surrey, about 30 miles outside of London, I thought that you might like to have copies, which I enclose herewith. (Please do not bother to return.) This information has come largely, as you will note from the cited authority, ^{from} "Visitations", which are accessible to her but not to us. I know that my cousin, Mrs. Terence W. Turner, would be delighted for you to share this information with me.

With kindest regards and best wishes, I am,

Most cordially yours,

Richard McConnell.
