

Mrs. Cecil R. Coke

November 30.

Dear Robert Peeples,

Here I come for help again! I am still plugging along with this Chaplin ancestry and enjoying every spare minute I get to work on it. You have given me so much real information — your letters have been appreciated very much!

Here's the latest puzzle! I'm wondering if, in James Chaplin's papers

2) You wrote about getting copies of (!) there. Is any better information or clues that he might have picked up on the family in England. I really wonder about the information Ellen Chaplin gives in her lineal record if it was taken from James Chaplin's papers which she gives in her bibliography or where the information comes from. I think it ought to be accurate and clear, if possible so am trying to do so.

Mrs. Cecil R. Coke

~~505 W. 1st St. Drive, Macon, Georgia 31201~~

3) I have made a very promising contact with a genealogist (inexpensive!) in London who can look up some things if I can give her a little more information and proof of the line to a certain point. I really need any suggestions you may have! Someday I hope to get together with you and talk instead of write!

Sincerely,

Rosanne Coke

P.S. You don't know any source of family portraits or other pictures by any chance!
