

DuPont

all written by you.

The DuPont Research you did for me (Judge Charles Henry DuPont who married Frances Romoad or Rumind, & moved from Beauport District to Quincy Fla.) has been welcomed as I'm sure you know by his descendants, Mufits, Lewis (and can't remember who else) who got it from you. That line still has quite a few questions as to who were parents of the judge & his wife Frances.

In your next correspondence to me please give me the information as to where our line connect. I evidently didn't make a note of it.

I do hope before we go to vast beyond - we do get to know each other - I don't know your age - but I will be 66 - Sept. 22, 1983 - no young chicks.

Would love for you and your bride to come to Atlanta and let us install you in our guest room - We have so much to talk about! (over)

We're going to Florida to
John's Island July 13th
until about Sept. 1st.
then we're selling out what
we have had as the best
just eleven years of John's
Island (4 miles north of Deer Beach.

We will be home after Sept. 1st.
So anytime you can get here
before Oct 2. Oct 6th ~~etc~~ after we
will be here.

Hoping it can get from
you the Postell, Miles & Bellinger
genealogies - and that we meet
soon.

Best Regards to You
and your kind
Cousin Ernie

you 14th - 83
