Dear Mr. Peelples:

Your letter of July 1st received in regards to some information about the Byrd family and I had to wait until I could contact my sister before I could send you the information.

I do not believe that the information I am enclosing will be of much help to you but I believe that we were all from the same family as some spelled their name Bird and others Byrd. This is all the information that we have on the Byrd family and I hope that it will be of some service to you.

Sincerely yours,

(Mrs) Wilhelmina Byrd (Sam) Black
