

Friday P. M.

Dear Robert & "Miss Cora" -

Was so happy to  
hear you both could be with us.

Before I forget, don't think of bring-  
ing any dinner. If I don't get to  
write your mother, tell her I said  
that means she must not either.

We have the Memorial Shed, Birney  
Bridge. For a time we thought we'd  
have to use the Grange Hall, at  
Ashton. Can't remember whether I  
mentioned the "Park Trouble" but every  
one knew throughout the State.

Truly enjoyed the letter and I  
appreciate you both are so fine  
to do all that work. I'll save it.

The "Folds" are scattered from  
coast to coast, Saudi Arabia and  
as you know there aren't many to  
work on our Genealogy. What I had  
"The Thompson" are my mother's farm.  
but J. J. lives in San Antonio and he

was so interested - he took it to San Antonio to hunt up some of our Mrs. Shue. He missed a copy when in France. <sup>or</sup> If you ever find anything about your Grand-mother & Great-Grand-mother, Margaret Shue, please save it. Since J. J. had Papa's name, he really was anxious to find anything on record in Texas. With three wives & so many Nieces & Aunts, he really didn't tell us much -

Mrs. Corren Brewer (?) (Wiggins) Mather was a folk as we may find out a few things. Mr. Wade Wiley spoke at our Benbow one yr. & told us how the troopers settled in different sections of the Country.

What you would have been at St. Nicholas School picnic yesterday. A sad note was one of mother's son & Herbert's 1<sup>st</sup> Cousin was drowned at Folly the day before. Burial was at National (over)

Cemetery in Beaufort this P.m. - He  
lived in Charleston - wife was from  
England - he was 44 yrs, same as Louie.

Saw Bessie to-day - she asked me  
to write. Joseph (de) is getting out of  
Army & has to come "home" (it's always  
home to me) until his home is finished.

He & Joyce have three children, oldest  
3 yrs. so she & Luke will have  
plenty more, she said.

If anything should prevent you  
coming, just call me Fairfax  
632-3501 Collect. But we are  
counting on you both. One of my 3  
daughters was so impressed with  
"Mrs. Cora" & enjoyed seeing both.

My only Bro, Francis, is at  
Nashville but has to go to New  
Orleans on business. He graduated  
from Ga. Tech & is "Supervisor Western  
Electric - his job - Business Administrator."

I know so many of Clark's, Lawton,  
Hart etc. at Potell - always feel at  
home. Just hated Johnson Lee League  
didn't win - he's such a fine, Christian  
young man. I lost my vote there.

See you both in June 23rd. Love  
Bessie
