Friday Night, Folk

Dear Cara + Robert:

I hope you have missed the flu. We seem to have a good many in our area with it. So far all of us have missed it. I have had an allergy - guess the warm weather caused some plants to bloom.

I thought I had better get started on the addresses in the John Jacob Folk family for Angelia. April will soon be here. Will you do the Peoples' addresses for me? Since we voted to send Post Cards, the Post office don't forward cards if the address isn't correct.

We have had 4 deaths this year, unless you have had

one in the Peoples clan, that I missed Janie - Howard Folk's wife in Halley Hill last August.

Dr. J. J. Folk - Bessie's Bro. in Texas in December -

Ruby Folk Wingard - Diane's Mother - in January -

Ellen Thompson - Boyd Thompson's Widow - in January - Boyd was buried at Wesley Chapel - Ellen was buried in Orangeburg - No space by him at Wesley -

Daisy and Bessie called me after Ruby was buried. Wondered if I read it - It was raining here all that morning and I didn't go down for her burial service at Wesley Chapel. The service was in Bishopville + burial at Wesley Chapel by her father.

I haven't been down in

the Ehrhardt Area since last Summer. I had a bad spell of Arthritis With my legs and I haven't felt like driving very far. Jo Bessie, Joe and Donnie work. They took me to a Golden Wedding Anniversary and 75th Birthday dinner in Ernest's family. Both were on Week-ends.

Joe's mother had a stroke in Oct. She was in the Hospital until Dec 15. She had Therapy in Walterboro about 6 Weeks - It really helped her. They went to see her every Week-end.

Beth is at School - I really miss her. She helps me do in my apt and drive for me. Last Summer she worked at Sutheridge, our Church Camp - ten Weeks as a Counselor. She had a wonderful experience. She doesn't get to

~~to~~ the Reunion. She always wants to be back at Carolina before too late on Sunday. Often she travels alone. She likes to come home to study.

We have a full schedule until our Reunion - Soen as Lent is over, our Sr. Citizens wants to go to Columbia to see the S.C. Museum. We went to the Preview Showing. Jo Bessie and I gave our Country Store which had been in our family since 1868. I have had letters from our friends all over S.C. The State Paper had a picture + write up about the Country ^{Store} - ETV made a venture of me and the Store to advertize the Museum before it opened in Oct. Beth was 4 years old when we closed the store - She was thrilled when we went to see it - in Columbia - Jo Bessie has made Tapes of the Venture for her.

Love,
Winnie
