August 17, 1987

Dear Miss Cora:

Perhaps we never thanked you properly for sharing your family research so generously with us. Recently Bill and I have been reviewing carefully the wonderful material you gave us on your ancestors, and we find it very helpful in our current effort to write a little history of his branch of the Lawrence family.

Just now we have found that there are some gaps in our records on the Harris line, and I am writing to ask whether you would be able to give us a little help on this. Some of the questions are:

(1) Do you know the names and dates of the parents of John Harris, born in North Carolina in 1794, and died in Hardin County, TN after 1850?

(2) Do you know the surname of his wife Sarah (or was it Susan, as I once found), and anything about her family, or where they lived in North Carolina?

(3) Do you know of other direct Harris descendants who might be able to help me?

Please excuse this hasty note. Bill and I speak of you often, and would like to share our hobby with you!

Lovingly,

*Peg Pritchett*
