Ellis & Buckner p. 63, 64.

I need dates and places of birth, and when Joseph came to the the colonies and what if any service performed such as public office or military service, doctor, minister, etc.

I don't know if Joseph #6 was the first to come to the colonies or if his father came first and perhaps entered in New England, or Pennsylvania. I understand many settled in Pa., but I haven't searched there. I plan to if we can stay home long enough.
