Her father's name was Richard Johnson and his master was Joe Pope. She indicates that her maiden name was Johnson, after her father, but she eventually went by Green. This appears to be a reason that she list her last name as Green on some of the pension documents. Jerry died on Aug 6, 1896 at Pritchardsville, SC. Jerry and Clara had children but they died before Jerry died. Clara stated that she knew Jerry when she was a little girl as they were slaves of Squire Pope.
