Dear Cousin Robert Peeples and Miss Cora,

How wonderful to hear from you, with so much interesting information, its still taking me time to digest it"!

I phoned Lilly Stafford's sister, Mrs George Abbott, whose address you so thoughtfully gave me, and have sent her and Cousin Lilly one of my books, on John Hill Luther and Anne Jaudon Luther. Cousin Lilly and my mother Zollie Luther Jones corresponded and I even have a letter from her to me, when I was trying to get my Jaudon line, which my mother had started, before there was a Huguenot Chapter in Texas.

I am grateful to Crystelle Wickett, for suggesting that I send you my (inadequate but the only one) book, on the Luthers, in Texas. ( I have Leslie L. Luther's fat book on the Luther Family in America.)

I have the Transactions of the Huguenot Society of S.C.#87, with your most interesting Jaudon information, which I am making note of. In Our Family Circle-I found your Peeples!

I wish I could find the names of the nine children of Benjamin Jaudon and Sarah Thirza Polhill. I have the first names only, and a few-in my book-last names. You have given me, Ellen who married Stafford.

I do not have much time to spend on this delightful ancestor search. I have given marionette--puppet shows for over 40 years. I began in the late 1930ties, and became "professional" in the 1940ties, giving shows in the Public Schools and elsewhere. My Father was my stanchest supporter!

Thank you again for your delightful letter.

Cordially yours,

#21
