Dear Robert,

Have just finished checking Part. II. I am missing Footnotes #79-88, they were probably continued on p5, of which I have #71-78.

One change & addition - p42. under James Wheeler's children, it should be James William Edward, and he was married (1) Louisa Williams, 1 Jun 1896, Effingham Co., Ga., and (2) Ida T. Hunter.

Several questions:

1. How did you decide that Georgia and James W. were twins, b.1878? Really believe they were 1-2 years apart, census ages do vary.
2. p43-where did you get the William Jaudon Taylor? I have no initial anywhere.
3. p41. Where did you get Prof. Root in the Young Ladies Seminary? good addition?

Many thanks for the info on the Davant Bible.

Have started going thru all the other info you sent. Again, you did not say if you want it back, or shall I make copies???

We are going down to Sanibel on the 21st. We are all looking forward to it.

Give my best to Cora.
