

February 26, 1912.

My dear young relatives, -

Having a kind
Amanuensis at hand I have
decided to defer no longer
writing you. - Am sending
you what I have completed
viz: the application for mem-
bership to the Keegan Society,
which I filled out for you
ever since last October and
placed in an envelope ready
to mail. This winter I have
had so much ill health
it has been impossible for me
to complete the family records etc.

have started for you -
I have one large page I
have copied on the type-
writer since last October.
Am also returning to you the
copy of Masse letters for
which I have no use,
My Ancestor was named
Masse. I gave your
message to my daughter-in-
law, Mrs. St. John Alison Lawton,
regarding the Secretaryship
of your Chapter, and she says
she hopes your Chapter will
be represented at the meeting
at St. Matthews on March 21.
I will also return to you
the arms which you sent to me

as arms of the Robert family which
I do not think is authentic. I am
glad you like the photograph of the
Lawton Coat of Arms. I have had
for some years a copy of the so called
Robert Coat of Arms, sent me by
some one, but I do not value it.

I hope soon to have the strength
to finish the types written letters & started
you so long ago.

Yours sincerely
Cecilia Lawton
