

Fort Smith, Ark.

Feb 13, 1974.

Dear Cora & Bob:

was good hearing from you, and receiving the record of the McKenzie Family. I was surprised of all that before my Great Grand Father. ~~It~~ I wonder how Bob got all that information over sea. best I am very grateful to both of you. I am proud to have it.

you mentioned a card for me to fill in Bob's address, but there wasn't any card with your letter, so I will write it. Veda came by the day I rec'd it, and gave me His address. she will probably write Him about it. His address, 6229 Clarice Ave.

Las Vegas, Nev. 89107

I already had His address, He sent us two records. He & His wife singing, He is with some one in their recording, but still teaching school. I guess He stays busy.

like you & Bob. with all you have been doing. I dont see how you had time to get all these records ready to send me. I sure do Thank you. I'm sure Bob will be proud to rec the one you have for Him.

Mike got to come Home Dec 28, stayed until Jan 2. was good to see Him.

We went down to see Jim & Myrtle 3 weeks ago last Sun. they seemed to be about the same, all the rest of the folks are well. and then Sat. Feb. 2. we went to Ed's

first time I had traveled that far in some few years. They moved in Dec. and they wanted us to see their Home. Ray was going anyway and it was a pretty week end. I think they said the House was 12 yr old. I like it very much. its Brick. 3 Bed room. Bath +  $\frac{1}{2}$ . L-R. Kitchen + Pan. Their new address is

1333 S. W. 61<sup>st</sup> St. Zip 73108

if Edd had lived in the other Home until March. He would lived there 26 years. Arneline lives near them. on 66 st. I think in 900 block.

we have nice weather this week. but cold and light snow both Fri + Sat morn. but few inche in the north part of the state, one morn the Temp was 19. + the low 20 few snow. and we have had the Temp lower than 19. once before. but we have been fortunate not to get snowed + feed over.

Theron had it very bad before Christmas. driving to St Louis. the biggest snow mo. had had in years. He got his runs changed ~~he~~ makes a round trip each night from Little Rock to Springdale, and last week and the mountains were snow + ice. if we have few days like today + yesterday everything will start growing here.

Its good you + Bob can take time off and go visit + help His mother with Her yardwork. Many Thanks again for what you sent me. I had a letter few days ago from Jissie. She said they spent Christmas at W.O. and got to see all of them. and one of their Boys are getting married. Ruth said the same on Her Christmas Card. hope both of you are well. we are about the same.

Tom. Aunt Fannie
