The following are copies of selected records of the Federal Circuit Court, District of Georgia as maintained at the Federal Record Center, East Point, Georgia. These copies represent only a small part of the papers to be found at the Record Center on the Bourquin family, however, they seem to be the most pertinent ones to clearly show all the facts as brought out during the two cases which involved the legacy left by Henrietta Bourquin Jones. To settle this case a complete genealogical history of the Bourquins in America was established.
