Dear Paul,

I am sorry about my delay in getting back to you. Your material has really helped me on my and my wife's line.

I am sending some material from my files. Some of material may not be 100% correct. Sort through it carefully.

Your records shows a Diataphus M. Milam a son of John Milam ~~and~~ and Nancy McCurdy. My records shows a son called Madison Milam born to John Milam. I could this be one of same - Diataphus madison Milam. I do not show that Madison come with John to Pontotoc. He could have gotten married and stayed behind. A proof of names could be your proof you need.

Yours Truly,
David

P.S. The "Index of North Carolina Ancestors" published by N.C. Genealogical Society 1981 list a Samuel Mileham page 289, 295. I wish to learn more.
