

WALNUT GROVE
UNION, WEST VIRGINIA

Dear Rev. Peoples -

I am most mortified! Made a terrible mistake when looking at Miss Sally Mills family tree - and of course - as you might have guessed got a Turquand by mistake! Oh dear - I am sorry!

I'm sure that you know much more than I about the Mills family - and probably have all and more than I can send you. Anyway - I copied the history thing that Miss Sally had -

word for word (I hope!) except
for a few parts I cannot read -
the handwriting sort of old and
faded. (Wish I could type, but
afraid too stupid!). Tried to
copy the whole family tree, but
could not get it all on one sheet
so finally gave up - but I'm
sure that you know it all
anyway.

Guess that I have always
been more interested in the
Bevins, as my father used to
tell us many stories of them
when we were little - and

of course living in Andrew
Brimm's house makes a
difference too.

Anyway - if you would like
the papers that I copied from -
I'll send them when we get
back from Ireland - but I
have a terrible feeling that
they really won't be any help.

Again - I really am sorry -
many apologies - but still
come see us if you ever get

down this way.

Sincerely

Dancy Miles White

I'm sure you know of Wm Pordie
Miles diary that is in the
library at Chapel Hill (I think?)
Henry must have said something
about it to you - as it belonged
to him. Anyway - all of his
grand children have copies,
and is most interesting - if
you're interested, that is!!

Dear Mr. Peoples -

We are just back from New Orleans where Henry told me about you, and your letter was long waiting for us!

I have a copy of the family tree of Miss Sally Miles (my aunt) that she gave to me that goes all the way back to Miles' in France. This copy is based on a part of a history of the Miles family (obviously)

written a long while ago - and
in Longland) that I also have.
I don't believe that anyone else
in my family have these, but
you may have all this information.

If you would like them I will
have copies made for you.

We are planning to leave for
Ireland in a few weeks and
visit around where the other
side of my family came from -
these are Brines from
Donncommen County.

The house we live in here
belonged to them, and our
children are the sixth
generation to live here. It
really is sort of an interesting
place and if you ever come in
this direction we'd love to
have you come and see us.
The graveyard here is full
of Belongs - two William
Pordin Mills (my grand father

and father) and is very old.
You might be interested in
that too.

It's funny - two of our best
friends have bought an
island near Hilton Head called
Little Barnwell - and are staying
at Hilton Head right now -
maybe you will meet them
some day? Mr. and Mrs. C.P. Benedict.

Let me know if you want
the things I have on the Miles
family and really do come see
us if you can. Sincerely Nancy Miles
Wente
