June 22, 1976

Dear Ones,

The treatise on Hilton
Head families is fascinating-
also your wonderful edition
of "Family Circle". Thank u
so much for all the pains-
taking work involved for
all of us to enjoy-

Did so love seeing and
getting to know you both-
Just wish I could have
made it Sat. but Bob
got an award and had
to be there.

Our family records
say Dr. Geo. Mosse went
to Univ. of Edinburgh -
(not Dublin) Wonder if
they have records?

Guess he's responsible for
an awful lot of medical
talent in his "after bears".

Do so hope can see
you two dears again -
our home here is open
to you - have 2 guest rooms
now we're just ourselves!

Very sincerely yours,

Teuse
