Dear Cousin Peoples,

We are delighted to address you as such - since we now know we are kin.

You certainly have a world of information about our family - that we are anxious to get.

My sister has been trying to complete some missing dates for the Colonial Dames through my mother's line. You said we could go into the Magna Charta Dames and Society of Descendants of Royalty through our Baker line. Do you know if the same would be true for the Colonial Dames?

It would like very much
to have the following:

Cater line:	5.00	—	5.00
Jusannah Baker line.		—	5.00
Bohan line			10.00
Fostell - McPherson line		—	5.00
			<u>25.00</u>

There are many Deputies
from Barwell County, S.C.
(are they your line also?)

Will enclose a brief sketch
of my Mother's line Bratham +
and you may be able to trace
where your connection is. Through
Mother,
Mothers were also related to the
S.C. DuPonts - my great grand-
mother was Judge Chas. Henry DuPont
who moved to Quincy Fla. That same
line goes back to de Craffeurin
who founded New Bern, N.C. and
where my name came from.
I'm enjoying my
correspondence with you -
Sincerely,
Ernie C. Robinson

P.S. I also noted in reading
Abraham DuPont's ^{genealogy chart} (whose pedigree is
in old Huguenot Church in Charleston)
that several Caters married
DuPonts. Will ^{you} enclose whatever
have on that ^{from} which you might
be able to tell which Caters they
were. Do you have any records
on the DuPonts?
