Dear Robert,

It was so good to hear from you through reading Trans, No 81 .How or where can I buy a copy of The Family Circle? You are so full of correct and good information , that I wish we lived near each other. I have never been able to find any-thing further about the Winburn family. It would be good to get back beyond Thomas Winburn who died in 1756.

I am so delighted that Trans, gave such a good account of the Porcher family. "CCPP" as I call her, has helped me greatly. I begged her to go ahead with the Porcher family, so she turned the material over to Mrs Burns and Alice G. They did a splendid job. with it.

I am back at work on the Palmer family, copying old letters. Most written immediately following the war in 1867 I want to cry over most of them. Everyone so desperately poor.

I have not been too well ever since our trip to Orient in April. Surely with Spring almost here I will be better.

We went to Charleston Monday to pick up a beautiful chest of drawers c 1690 given to Hanover House.

Hope you are both well and happy.

Love,

*Mutter*
