Dear Miss Cora, and Cousin Robert

The above notation sent me by our delightful and diligent geneologist has me in a quandary. I only have a few pages of the McCall Tidwell & Allied Families and have been unable to obtain the entire book.

The library here says they cannot get it on an inter-library loan (I really think they're just lazy!)

There should be a copy at Sylvania Georgia, Atlanta and Orlando Fla. I know the one at N.Z.C. Public cannot be removed from the reference room - but they do have one (that is where I did my research!) The Mormons have a copy in Salt Lake City and may make copies of pages for you.

I believe your gene descended from James McCall who was the cousin of my Francis. They came to America together from Ireland and landed in Pennsylvania. Later they all moved (both clans) to Mecklenburg Co. N.C. My line came on to S.C. while there are still some of James' line in the Charlotte area.

A fragmented name search through the pages I have makes me wonder if the line you are seeking is through William McCall (James') who married Elizabeth Stewart. Names of only two of their children are known: Matthew³ & James³ who were both soldiers in 1812, Mecklenburg Co. William had a sister named Jane and McCall³ are apt to pass names along.

There maybe information confirming or indicting

my observations on pages 593 ff of MCTAF. Actually
you might be able to get the Mormons to send you copies of
p. 591 ff which is apparently a whole chapter on Jenner
(which is of course why I don't have it.) How I wish I
had it for you.

I was tickled to be able to send Carolyn Ramsey all
the data on her children's ancestor who connects to
mine a few generations back.

She had to make a master chart to keep me from
drifting off course as I seek to complete lines on
family and I'm about half cross eyed from the
endeavour - so please forgive any strange words
or spelling you find herein.

It was so good to see you both and to hear
cousin Rolute wonderful lecture. We went on to
the cemetery where Sarah + Joseph are buried but
it got too hot and Jane had to get back to take
her medication. She is not in very good shape at
all. You do know she has MS so her future seems
very bleak. As much time as we spent together
I never felt I got to know her at all.

If I may change horses mid stream: I finally got
the notes on Peach Tree Plantation which belonged
to the Lynch family in 1752. I ~~note~~ note that Pierre
Robert III was married to Mary Lynch (I feel confident
from the ~~tramp~~ Hopscue Lyncher) and I could not
help but wonder if there is indeed a tie on that
property to the Robert family - do we know where
their property was?

Mr. Foxworth spoke to his son and grandson
and they are both certain there is a ROBERT tomb
stone in the area we went to. We will go back
next January and search more carefully and
hopefully turn up with real facts + pictures.

Hope you have a wonderful summer - I look
forwarded to seeing you both the sooner the better

Love
Deanna

P.S. I love my OFC - it is a moment under taking - bless all those who
have worked so hard on it.

P.S. I agree we should mark Mary Stone's grave somehow that would not bring her
spirit raging back to her grave!
