Dear Dr. Peoples,

I was pleased and delighted to receive the miniature of Landgrave Smith. Thank you for this lovely gift, I certainly will enjoy and treasure it. How very thoughtful of you to send the signed Sponsorship Card. It is very welcomed. My first thought was of Rosa Waring Thornton. We worked together on the Waring lineage many years ago. She lives in Columbia, S.C. Her husband is Frank Thornton, S.C. Secretary of State for a long time. She is eligible through Thomas Smith, II and his brother George.

Thank you for your very kind letter, I was happy to learn of your membership in Magna Charta. I am very proud of mine and my membership in First Families. There is an East Tenn. Society of Magna Charta which meets in May each year. We all enjoy going and we wear our insignia with much pride.

After I sent in the lineage of Dorothy Chamberlain (wife of Landgrave, Gov. of Robert Donnell) the Registrar notified me that she had also filed Landgrave Smith's lineage for me. I was skeptical at the time as I

understood that his ancestry was not known. However I was glad to learn from Our Family Circle that it was correct as noted in the latest edition.

I hope you will find what you need in the Bible Record. I wanted to send it last week but business and family matters conspired against me.

With kindest regards to you and Mrs. Peeples

yours sincerely,
Adelaide Stockdale
(M.M.V.G.)

I neglected to tell you that in conversation with Mrs. Elson she was distressed that the person she depended upon to copy records is on leave from work and she wanted to send Bible Records to you.

I offered to send you this record. The copy isn't very good but as good as mine. I am also including a typed copy of the Bible Record of John and Mary Gordon Heape from the Barhill Manuscript.
