Subjects: Robert Thomas

Objectives (via Ancestry Expert Connect dated February 2010):

*Find parents of **Robert** Thomas, b. about 1763 Caswell County, NC; married Margaret Warwick*

Information Provided:

- o DAR Patriot Index, Centennial Edition part 3, page 2918 shows THOMAS, Robert<sup>2</sup> b c1763 NC d 1810 NC m Margaret Warwick PVT NC. The proof is from the North Carolina Historical Commission, NC Revolutionary Army Accounts Vol VI, page 11, folio 2. ***[haven't found this entry yet and the MARS catalog index is a little wimpy – would need to look at WPH indexes for all volumes, manually, probably not needed at this time] [looked at WPH books – there is no entry that seems to correlate to page 11, folio 2 in Volume VI – though, there are two entries for a Robert Thomas in this book – except it is clearly stated that the found Robert Thomas was in Davidson county at the time of the entry] – this "could" be possible since most Rev War***

<sup>2</sup> There was a "Robert Thomas" who served the NC line and then moved to Davidson TN (probably had a military land grant since that is the area where they were located) [source: <http://www.footnote.com/image/#28136209> Rev War pension for James Wilson] – it was a person asking for multiple pensions of which this was one of the names.

There was also a Robert Thomas, son of William and Auky Thomas both born in South Carolina and William served in SC, who died in Alabama, <http://www.footnote.com/image/#18338779>

payments were made c. 1783ish and we don't have Robert buying land in Caswell until 1788, 1 year after marrying there.<sup>3</sup>

- o 1937 DAR Application (Dorothy Thomas Conyers) based on Robert Thomas service confirms the children of Robert and Margaret Warwick from the bible of John Warwick Thomas (a son) in the possession of John Romulus Thomas of Tenille, Georgia at the time. The children were David, Robert, Mary, Sarah, John Warwick, and Jane. It also states that **Robert's residence during the Revolution was Watauga Dist, NC [still struggling to confirm this – there is a Watauga County, much further west, in TN there was a Watauga settlement/district in the 1770s ... "where" is this referring to?]**
- o North Carolina Marriage Bonds, 1741-1868 – Bride: Marguret Warwick<sup>4</sup>, Groom: **Robert Thomas**, Bond Date: 26 Dec 1787, County: Caswell, Record #: 01 307, Bondsman: John Warrick, Witness: H. Haralson, Bond #: 000018614
- o 1800 NC Census, Caswell County

**[where is Robert in 1790? He is married and has at least 1 son]**

- o His son David Thomas b 1792 d. 1840 at Friedens Church, Gibsonville [Guilford county], NC is well established. [this is a Lutheran church established in 1745 which held services in German until c. 1830-1840, [https://lutheransonline.com/servlet/lo\\_ProcServ/dbpage=page&GID=00008000001054682223527589&PG=00009000001055795039612851](https://lutheransonline.com/servlet/lo_ProcServ/dbpage=page&GID=00008000001054682223527589&PG=00009000001055795039612851)]
- o Family tree posted on ancestry at charliethomas1, <http://trees.ancestry.com/tree/1132610/person/-1990564706?ssrc=>
- o At the DAR I went through the Caswell Deed and Will books and saw references to Robert mainly through the Warwick connection, Andrew Warwick being Margaret's Dad, and he left her and her children things in his will. I also found references to a David Thomas in Caswell, but no definitive linkage to Robert, even though he named his first son David.

"Robert Thomas" Research

Comments/Notes/Questions:

- o Caswell was formed from Orange county in 1777
- o Both Caswell and Orange Counties have pretty good surviving collections of original (and microfilm records) at the NC Archives, though "Some records were said to have been destroyed during occupation by militia troops during Reconstruction"
- o Rev War Payment Records do NOT typically indicate location or provide any identifying information
- o Many like-named individuals historically got mixed up in DAR/SAR applications – that is changing and as new descendants try to connect to certain individuals, additional proofs are being required

Challenges:

- o Missing or non-surviving records, e.g., for Caswell County – Some records were said to have been destroyed during occupation by militia troops during Reconstruction.
- o Name variants and usage
- o There was a period from 1763 to about 1779 where no land grants were issued in the "Granville" District as Lord Granville's dispute with the King took time to resolve and then the American Revolution was resolved. This means that for these years, many individuals lived on land and paid taxes on land that they did not necessarily "own" on paper. Once the state started re-issuing land grants, there was a rush to do so c. 1778/1779 and many had moved on, died, or never did get "land grants" for the land they had occupied and worked.

Initial Research Plan: [NOTE: √ = completed, X = not done]

- o √ Review all information provided by you (family tree on ancestry and either documents or timeline (see note below) as provided by you)
- o √ Double-check MARS to make sure no entries for Robert Thomas – the only entries found are for a Robert Thomas with land grants in Anson county from 1769 through 1780 – given Robert's purported birth c. 1763 – he would have reached majority c. 1784 **[I suspect the basis for the birth year is the 1784 tax list where Robert is listed as reported later – need to see if any pre-1784 tax lists survive or other records that might support or refute these dates]**
- o √ Double-check Linkpendium to make sure no records have been recently digitized for Caswell county
- o Check Footnote.com – make sure not listed in someone's pension application or other Rev War documentation ["Robert Thomas" + Carolina + Colonies & Revolution to 1815]
- o √ Perform a book survey of Caswell county at the State Library of North Carolina looking at any relevant books beyond deeds and wills, such as [unless you exhaustively looked at these already at the DAR library]
- o √ Perform a book survey of Orange county at the State Library of North Carolina – given that Caswell county was only formed 10 years before his marriage, it makes sense to see what pre-revolutionary Thomas families might be found there) – there is an extensive collection of books encompassing pre-1800 Orange County
- o √ Caswell County original records at the North Carolina State Archives [given that you have looked at deed and will books, these will be skipped for now assuming that you provide a summary of what you looked at and what you learned]. The records that will be looked at include and/are not limited to:
  - o √ Loose estate records for the Thomas surname

"Robert Thomas" Research

- √ Lists of Taxables 1777-1867 [start with 1787 and go backwards first – it will help age him and possibly connect him to a father and then possibly go forwards]
- √ Grantor/Grantee indices ... though there are abstracted books covering early deeds, just double-check the county-created indexes [Caswell has online access for some period – I am not able to access this to determine what the scoop is, <http://www.caswellrod.net/>]
- Based on what is learned in items #1-#4, look at similar records held for Orange County (the predecessor county)
- Other records TBD – there are Misc, CRX, Civil Action Paper, Road Records and other "original records" [are there any militia records?] which are un-indexed and hand-written that can be great sources of information and which are not examined until the "easier-to-navigate" records have been first consulted.

2<sup>nd</sup> Phase of Research (initial plan):

- √ (started) since Robert and David Thomas are in the same tax district, focus some research on David
- √ (started) since Robert and Thomas Thomas are briefly in the same tax district, look at him also
- √ (see notes below) where is Robert in the 1790 census – he was a land owner and had children – he should be listed as a "head of household" ... want to see who else is listed near him since the tax lists do not provide that perspective
- √ (started) look at other early Caswell record groups not yet consulted
- (see notes below) look at where land was in Caswell county – Caswell is a NC/VA border county – did they migrate "down" from Halifax or Mecklenburg or Pittsylvania counties in VA?
- (see notes below) other records TBD

Project Conclusions:

- Robert is found in the tax records of Caswell county starting in 1789.
- This is consistent with his purchasing land from his father-in-law in late 1788
- Before this date, he is not found in the Caswell county tax records, though we know he married in Caswell county in late 1787.
- It may be that Robert is younger than we thought – maybe not yet 21 when he married.
- The tax district where he is initially found does contain other Thomas' – David and Thomas – can we connect Robert to one or both of these as a sibling and/or parent?
- There is a William Thomas (snr) who lived in Pittsylvania County VA and had several sons. No Robert, though he had sons Asa, Philip, William etc and Philip and William end up in Richmond District, the same district where Robert is found – could they be cousins?

---------------------------------------	---

<sup>5</sup> Senior vs Junior – these terms were not necessarily indicative of 2 generations of the same family – they were most frequently used to separate out an older and younger person with the same name ... sometimes reference was also made to location, father, etc if there were more than 2 with the same name within a community.

Thomas, Jacob (1806)  
 1 document  
 Ase Thomas as executor to Jacob Thomas

<sup>6</sup> According to Caswell County, North Carolina, will books, 1777-1814; 1784 tax list; Guardians' Accounts, 1794-1819 by Katherine Kerr Kendall et al – William Thomas has a will, 17 April 1798, which refers to brothers Philip and Asa Thomas – we see Phillip in the tax records for Richmond County – no record of Asa. Given that Robert was clearly still alive in 1798 – this suggests that William was not a brother – maybe a cousin or other distant relative?

<sup>7</sup> According to a deed adjacency for Robert Long, 23 Sept 1785, he was living on Reedy Fork of N Hico adj Charles Stephens [same person he is adjacent to for 1787 land purchase] – so, though not taxed on the land he was in the area.

 Caswell Co NC DB A, p.378 20 Dec 1779 State of NC #148 to Patrick Flinn. 300 Acres on Hico & Reedy Fork adj James Long's old line.

p.485 20 Dec 1779 State of NC #171 to John Crisp, 315 acres on Reedy Fork adj Charles Stephens, Patrick Flinn  
 These early grants in Caswell Co were Granville grants, in some cases issued several years after the land had been settled. The Granville land grant office closed in 1763 and no grants were issued until the state of North Carolina confiscated the land during the Revolution and began issuing grants in the old proprietorship, which **re-started the land grant process around 1779.**

<sup>8</sup> Deeds tell us that he purchased 513 A in 1787 which he then sold, along with John Buchanan in 1790. This is consistent. This land was adjacent to Andrew Warrick.

<sup>9</sup> Bought from father-in-law, see reference to deed.

14. since Robert and Thomas Thomas are briefly in the same tax district, look at him also
15. where is Robert in the 1790 census – he was a land owner and had children – he should be listed as a "head of household" ... want to see who else is listed near him since the tax lists do not provide that perspective
- access the 1790 census via a service other than Ancestry – image isn't showing
  - for Caswell County listing David, Phillip and Rupert [could this be Robert] Thomas – are enumerated near one another? They were all in Richmond Tax district for this year
  - Image not available on ancestry nor via Heritage Quest
  - 1800 Census lists Robert (already reported), Thomas, David (2), and an Hra, Jacob and John
  - It ends up that the 1790 census doesn't survive for Caswell county – that is why Ancestry doesn't have an image and the composition of the household is not provided, as is true for the records for other NC counties.
  - A "book" version of the 1790 census (1908 book redone by Genealogical Publishing Company, 1973) at the State Library of North Carolina has this footnote on the Caswell

page "**Names taken from county tax lists**" Given this, Rupert (above) is probably Robert and the basis is probably the 1790 tax list as postulated.

16. With the son David moving to Guilford and remaining there – did the father Robert and/or mother Margaret make such a move c. 1803? Took a quick look at the online deed indexes (grantee) for Guilford County, <http://rdlxweb.co.guilford.nc.us/oldIndexes/oldindexsearch.php?datekey=1771-1921&path=TA&bookpath=0013&tortee=TEE&chars=T-V, X-Z> --
- Thomas= page 59 (grantor), Page 61 (grantee)
  - It appears that there is a Robert Thomas purchasing land in Guilford c. 1804-1807 ... this is not inconsistent with the sell-off in land in Caswell in 1803 ... did Robert and family move to Guilford county before Robert's death?
  - **Only the indexes are online and so cannot pursue these deeds to see if "your" Robert Thomas or another and just a coincidence of names with a Margaret Thomas?!?!**

    7. This is consistent with the findings from the Pittsylvania book survey (reported in #25) where we find mention of William and Philip Thomas. The timing of these is not consistent with Robert being a son of Philip or William since purportedly Robert was born in NC. Though, we have no "proof" that Robert was born in NC just that he married in Caswell.
    8. Maybe pursue this "Philip" to see what we can learn and if nothing, discount this branch of Thomas'.

"Robert Thomas" Research

27. Look into this couple – can we learn more besides that they married in Halifax County VA: **Robert Thomas + Sarah Lawson, 11 Aug 1781, Sur. William Lawson, Wit. Henry Goare**

- This seems to eliminate "this" Robert Thomas, with wife Sarah from consideration since when "her" father dies in 1800, she is listed as Sarah (Thomas) suggesting that she is still alive and possibly living in Georgia, where her father moved
- WILLIAM LAWSON was born in Halifax County, Virginia, in 1740. He married Jane Banks in Halifax County on 5-24-1759. (6) William was granted two hundred acres of land in Wilkes County, Georgia, in 1784. (7) He is listed in the DAR records as being a First Lieutenant in the Second Virginia Regiment, Captain Quarles Company. He had eight hundred and seventy-five acres in Wilkes County and five hundred and seventy-five acres in Washington County, having petitioned on 3-25-1784 that he was a Revolutionary soldier and wanted bounty in Washington, County, Georgia. He owned land along Shoulderbone Creek a few miles from where it flows into the Oconee River and so did the Fosters. William had claims Nos. 1863 of 1-14-1783 for two hundred acres; 1994 of 11-20-1784 for two hundred acres; and 2851 of 4-1-1780 for one hundred acres for service in the Virginia Continental line as a private. William's will (8), dated 4-30-1799, and proved 10-25-1800, showing that he died in 1800, names his wife, Jane, sons John, Thomas, William, Mumford, Dudley, David, Francis and daughters Sarah (Thomas), Mary (Slaughter), Margaret (Bullock) and Jane. "Robert Thomas" Research

28. Create timeline for Robert, other Thomas', Warrick family etc – need to pull together all the "known" information ...
- Caswell and Orange Counties = NC, Pittsylvania & Halifax Counties = VA
  - For tax lists only included mentions of Richmond District (or later Gloucester District) & there are other Thomas entries for other Caswell Co tax Districts
  - Currently not listing tax records more modern than c. 1802 since these are less likely to connect Robert to siblings, parents, other extended family
