

I know I'm kin to some Becons - but am not familiar with any Deaves, except Tony Deave in Columbia, the Genealogist. Am I kin to him and, if so, how do the Deaves come into our lives? Oh, goodness - Robert please let me pay you for copies of the data you collected that's not going to be published in Transactions on my whim line for your article on Jaudons. I want it so badly and am so frustrated over that situation. Please do this for me - I bet a lot of cousins would like that data. Why not make zero copies of all of that and put it in a little paper back cover of some kind and sell it at Reunion - and sell me one, too. I'll be forever grateful if you will. Then all that work you include Pinckney did would not be for naught.

Back to Tony Deave - he did an excellent job on finding our George Allison and Margaret - parents of our Frances Allison Curry (Stephen), Rhoda Allison Berry and Mary Allison Bramston Braly (mother of Susan Braly Miles [John]) and wife of Thomas Braly. Thoops - guess Tony isn't kin to us - he spells his name DRAINE, not Drave, so that takes care of that - Anyway, I'm hoping he'll do further research on the Allison for us as there was an earlier George Allison in Bramston who may be the father of our George who

lived on the Coosahatchee. Right now am trying  
to get him to do Reynolds research for me in  
Paul in Ketchikan!! Hope he will -

Did I send you all the death notice  
last May for my cousin in Richmond,  
Leon Thillingham Norfleet? Let me know  
if I didn't and I'll send it later after  
our 9<sup>th</sup> Grandchild arrives around the first  
of March. We've just greeted our 8<sup>th</sup> Grand-  
child, Stuart Graham Caldwell born to  
Mary Ross C. and Bill Caldwell on 12/7/1990.  
He's their fourth son - they have their hands  
full.

Tell dear Ones, Happy Holidays to you  
all in do keep in touch. We love you all  
and pray God's richest blessing upon you  
all throughout 1991.

Thanks so much for  
Pierre Robert date -

Devotedly,
