Dear Cousin Robert,

Thank you so much for your letter of Jan. 12. I have been trying to sort through some papers to send you some information written by Mrs. J. Palmer Lockwood (Luize Brown) my grandmother's oldest sister who did so much research (the only family member who really was interested, tante as we called her was married to her cousin <sup>he was</sup> ~~born~~ at Yeamans Hall. They both are buried in family plot there, as are other family members. My husband (from <sup>former</sup> Colorado) laughs and says it's a good thing he brought some red blood into my family, who all married cousins. My grandmother (Mrs. Middleton General Fuller nee Anne Eliza Brown (sister of tante) 's mother Elizabeth Smith Brown married her second cousin, <sup>Dr.</sup> Wm. S. Brown & both descended from Langrave Smith and Dr. George Smith - Great grandmother Brown's (deid was I was 8 yrs old) ~~brother~~ <sup>brother</sup> ~~brother~~ <sup>was</sup> Henry Smith, last owner of Yeamans Hall. His widow sold it before telling the family. Thought she'd receive more money. I am having some serious eye problems and will keep

Jim 72, graduated C. of C. 1941 perfect health until this eye

These perennial plants with pink to rose colored flowers are rare on the rich  
wooded slopes of the Appalachians.

You informed when I locate papers. It takes me so  
long to get things done. I may not be able to make the  
spring meeting and meet you, but hope springs eternal.

In the meantime if you are in Charleston go by  
the news and Courier office and see if can get a copy of  
Tante's article in the <sup>George Humphries</sup> Sunday Jan. 22, 1933

Paper. A picture of Yeamans Hall is in the paper.  
My copy is torn, so if you get one, please get me two and  
I'll reimburse you. Tante refers to a picture claiming to be  
second Landgrave Smith but is not. After you read the N. & C.,  
and feel picture is not the same as the miniature, yes I would like a  
copy for \$10000, out of space as you see.
